

Accreditation Pathway - Training Hours - 60hrs Information

3D Coaching can provide you all the training hours you need to apply for ACC accreditation with the International Coaching Federation through their portfolio route.

- All the training is delivered online with a mix of live facilitated learning and pre-recorded video or audio recording.
- There will be 6 - 24 students on each module.

How does it work?

In this pack we will suggest the modules you need to do and a suggested order to complete them, to provide you with the best learning experience. You will then need to select the course cohorts that work best for you. If you book onto all the courses at once, we will offer you some goodies!

You need to be present at all the live sessions to receive the attendance certificate. By enrolling onto each course you are committing to those dates, if you miss a session we cannot guarantee being able to make up those hours for you. You will receive a certificate for the hours you attended. We ask that you contact info@3dcoaching.com immediately if there is an issue. Please see our [terms and conditions for more details](#).
